LEAP provides intensive leadership training to develop first-year students as a future leaders at UCSB and beyond. The goal of this program is to provide students from a wide range of backgrounds, and with a variety of future goals, access to leadership opportunities. All LEAP participants also completed The Leadership Challenge® Workshop at UCSB.

LEADERSHIP & ACTIVITIES AWARDS COMMITTEE AND SELECTION PROCESS

LEADERSHIP & ACTIVITIES AWARDS SELECTION PROCESS

The process was overseen by the Chairs of the committee who solicited input from committee members for all decisions directly and indirectly related to the nomination and awards processes. Awards were reviewed by the Leadership & Activities Awards Committee using an objective scoring process. Nominees were scored in several categories with top consideration going to those nominees who best reflected the criteria of the nomination questions. If a nomination is deemed inappropriate for the award category selected by the nominator, it is transferred to the category where it is most appropriate and most competitive, as determined by the committee.

In the case that a member of the committee was being considered for an award, that individual was not allowed to participate in any discussions or decisions regarding that award.

We apologize for any errors or omissions in this program.
