Level 3 – Requesting Formal Feedback

Name: _______________________________________________________

Requesting Feedback

From your experience with The Leadership Challenge® Workshop, you've learned that there's solid evidence that the best leaders are highly attuned to what's going on inside of them as they are leading, as well as what's going on with others. All leaders want to have a positive impact on performance because it's an important part of their legacy. The only way they can know if they're having the desired impact is to get regular feedback on how they're doing. Requesting feedback is the best tool that will help you learn more about your behavior and the way it affects your performance and the people with whom you work.

To complete this section, please contact Danielle Quiñones-Ortega, Student Programs Coordinator in the Office of Student Life at leadership@sa.ucsb.edu to obtain instructions to complete your Leadership Practice Inventory provided by The Leadership Challenge®.
